FRIDAY, OCTOBER 26, 1866.

It is a matter of just exultation for Gov. Curtin, that during the canvass recently brought to a close in this Commonwealth, neither Republican journals nor orators were called upon to defend his administration. For almost six years—and covering the whole period of the war—he had occupied the gubernatorial chair; and yet for no act of his administration was he or his party arraigned at the bar of public opinion.

While it must be admitted that the popular attention was absorbed by matters of superior importance to the details of State administration, this admission does not cover the whole case. It is undoubtedly true that questions of the very highest moment entered into the canvass—questions in comparison with which all the ordinary topics of political discussion sink into insignificance—but the administration of Gov. Curtin stood correlated to these questions. It was natural that the Democrats, in resisting the continuance of the Republicans in power, should seize upon every coigne of vantage, and resist with the utmost effect they could. They made no essay on this point, feeling that on the whole the administration had been justly acceptable to the people.

◆

County Nominating Conventions sometimes assume an authority they do not legitimately possess of instructing candidates for the Legislature as to what they shall do, or shall not do, on particular questions, if elected. It is now stated, that two republican candidates for Assembly — Mr. Thomas of Philadelphia, and Mr. Marshall of Union—were defeated by republican votes, because instructed for whom to vote as United States Senator. Will Nominating Conventions heed the admonition, and hereafter keep within proper limits?

◆

The appointment by Governor Curtin of Prof. James P. Wickersham, of Lancaster, as State Superintendent of Common Schools, meets with almost unanimous approbation from the friends of Popular Education. Mr. W. possesses a solid intellect, exact and thorough trained, and great experience and tact in the work of instructions. In every particular he is admirably qualified for his new duties.

◆

It is stated that Gen. Geary will request Mr. Wm. Meredith to retain to the post of Attorney General which he has filled with great usefulness and honor during most of the two terms of Gov. Curtin. Doubt is expressed if Mr. Meredith's age and infirmities will allow him to accept this tender.

Gov. Morton is the only man mentioned as United States Senator to succeed Mr. H. S. Lane of Indiana.

LATE FOREIGN ADVICES.

Illness of the Empress Carlotta—Rumors about Napoleon's Health—The Massacre at Candia.

New York, October 25.—The *Herald's* Paris correspondent says of the insanity of the Empress Carlotta: The hallucination was evidenced by her insisting that she was surrounded by Mexican and other enemies, who sought to take her life, so she absolutely refused to quit the Vatican. The Pope treated her with much kindness, inviting foreign ladies of distinction to remain with her during the night, the Empress being accommodated in the palace contrary to rule and precedent.

It is said in Paris that Napoleon's health is considerably improved. On the contrary, it is reported from Berlin that he is in quite a dangerous condition, and that his death may be looked for at any moment.

Most of the French journals give up the cause of Maximillian in Mexico. Some Paris writers, however, assert that he will not abdicate, but attempt to rule in a narrowed area of territory.

From the seat of war in Candia we have an account of the massacres perpetrated by the Turks on many unarmed Christians after the late defeat of the Sultan's troops, with official evidence of the high-toned feeling which animates the revolutionists.

The London *Times* of the 13th of October, says: The Americans have been devising fortifications and casting guns on various models, and they have now tried one of their novelties against the other. The experiment at Fortress Monroe proved more than the weakness of unarmored granite, for it showed the insufficiency

FROM TORONTO, C. W.

Trial, Conviction and Sentence to Death of the Fenian Captain Lynch at Toronto, C. W.

Toronto, (C. W.,) Oct. 25.—The Fenian trial proceeded to-day at 10 A. M. The court was densely crowded. The trial of Lynch was continued. The evidence for the defense commenced by bringing several of the Fenian prisoners to prove that Lynch was at Fort Erie in the capacity of reporter of a Louisville paper, and as far as they knew had no military connection with the Fenians. They stated that they saw him at Fort Erie, with book and pencil, taking notes and having arms. They also endeavored to prove a case of mistaken identity; that it was General O'Niel, and not Lynch, that the Crown witnesses saw at Fort Erie armed with a sword, Lynch somewhat resembling O'Neil and being dressed in a similar manner.

The mother of John Ryall, who turned Queen's evidence, was put in the witness box and gave her son a very bad character. She said she would not believe him on oath.

Mr. Martin, defendant's counsel, then made an able speech. Solicitor General Cockburn replied, reviewing the evidence for the defense. He said the evidence must convict the prisoner, and although witness said he believed the prisoner to be a newspaper correspondent, not a particle of evidence was adduced to show that such was the case. The proprietor of the paper had not been summoned.

The Judge then charged the jury who retired about an hour and brought in a verdict of "guilty." The Judge then passed sentence of death.

Eight Hundred Houses Destroyed—Terrible Loss of Life and Property.

Twenty lives were lost, and a number of persons were crippled and otherwise injured. Over three thousand persons were rendered houseless, penniless and almost naked. The whole laboring portion of the Colony is in the most destitute condition. The government houses and public offices were shattered. One hundred and twenty thousand bushels of salt were swept away. Six foreign and twelve Island crafts were lost, with twenty of their crews.

At Salt City the ruin is equally severe—five vessels are ashore.

At Cockburn harbor the ruin is quite as great—scarcely enough houses remain to shelter the destitute. Four more vessels were lost.

Trial of Jeff. Davis Postponed.

New York, October 25.—The *Herald's* Fortress Monroe correspondent says: The trial of Jeff. Davis has been postponed to next spring. SECRETARY BROWNING'S LETTER.

What the New York Times, Tribune, World, Herald, Post and Express Say Regarding that Paper.

New York, Oct. 25.—All the morning journals devote considerable comment to the letter of Secretary Browning, making an elaborate argument against the pending Constitutional Amendment, which is accepted as explaining the President's views:

The *Times* remarks: "In many respects we apprehend that the document will operate mischievously, and that its publication is a mistake, that will add to the difficulties of the President's position. If it has any significance it is equivalent to a declaration on his part, that, notwithstanding the action of Congress and the determination of the North, he intends to continue his opposition to the amendment, and his efforts to prevent its ratification. There would be valid cause of regret in the mere knowledge of the circumstance that the attitude and aims of the President have undergone no change. It were bad enough to known that the irresistible current of Northern opinion in favor of the amendment had neither convinced him of its necessity nor taught him the inutility of further resistance to it, but the latter becomes a grievous error, when it is considered as a causeless gratuitous expression of opinion by the Executive on a grave question of policy at a time, and in a form, which can only prove to aggravate existing difficulties and intensify the bitterness, which unhappily characterizes their discussion. It cannot have been deemed requisite to make known the views entertained by the President touching the amendment, for these were long ago communicated to Congress, together with the reasoning upon which they are based, nor has aught occured that could afford a protest for the revival of an opposition which recent events have shown to be bootless. The President's experience of speech making should have satisfied him of the futility of his endeavors to stem the popular current and win the controlling elements to his side. The reasonable presumption is that inasmuch as the President, by his persistent opposition to the settled resolves of the Northern people, rendered them firmer than before. This manifesto over Mr. Browning's signature will tend to strengthen the position of Congress and make more determined the demand for the amendment as the ground work of a national compromise. The more judicious friends of the President did hope that the verdict of the people, as heard in the recent elections, would induce him to reconsider his decision and to recommend the Amendment to the friendly consideration of the Southern States. When the emptiness of this expectation became apparent, a desire prevailed among many who had faithfully stood by him that he should, at any rate, waive his hostility to the measure and allow the issue to be fought out without his interference one way or another."

The *Herald* says: "Its appeals are groundless, and adds, says Mr. Browning, another blow, which the proposed amendment aims at the Government which our fathers founded, is the change of the basis of representation. What are we to understand by the Government our fathers founded? This is where we stand; we cannot deal with the Government which our fathers founded. It ceased to exist with the abolition of slavery. We cannot plead the Constitution as it was; we must take it as it is and deal with things, not as we would have them, but as we find them, Mr. Browning."

The *World* asks, "Ought the South to ratify the Constitutional Amendment," and proceeds to say: "A point of considerable interest to the South, on which the *World* can speak with more authority than any other Northern journal, is the position of the Northern Democracy in respect to the Amendment. If the Democratic party of the North should commit itself to the Amendment, thereby making the North unanimous in demanding its ratification, such unanimity could not be disregarded by the [illegible] the last few weeks we have, with much pains and no small solicitude, attempted to gage the sentiment of the party on this point. The result is a conviction that the Northern Democracy will never indorse the Amendment as a condition of restoration. If we might take it upon us to advise our Southern fellow-citizens, we would counsel them to reject the proposed amendment, to yield quiet obedience to all constitutional laws, to maintain order, to protect and encourage the freedmen by equal laws, and to abstain as carefully from agitating questions of federal politics as if they had no concern in them. Their only hope of redress is in Northern justice, when it becomes evident that they are determined to await this with dignified reserve, that they will neither humiliate themselves nor disturb the peace of the country, that they will furnish no food to agitation, but quietly demean themselves as law-abiding citizens, and patiently await the result, and that nothing will shake their resolution not to be parties to their further humiliation."

The *Tribune* says "The President and Mr. Browning believe that it is not certain that we will save the government. To this the American people enter an indignant denial. The dread which Mr. Johnson and his advisers affect, that the government is in danger of destruction, is not felt by the people, and still less do they fear that their direct representatives in Congress are the enemies of its existence." The *Post* calls it "an ill-timed and illogical outgiving." The *Express* approves it heartily as "a statesmanlike paper."

Free Press in Austria—Insanity of Empress Charlotte Confirmed.

New York, October 25.—The government of Count Bismarck has explained to the Cabinet of Vienna of the publicity given to the protest by the Austrian press, to which complaint the Austrian Minister replied that he did not recognize in any body the right of controlling the acts of proceedings of a sovereign placed under the protection of Austrian hospitality; that moreover the press was free throughout the Empire, and no wise dependent upon an administrative director, and that anybody that considered himself injured by it could have recourse to the ordinary tribunals to obtain redress.

The report of the insanity of the Arch Duchess Charlotte, of Mexico, seems to be confirmed by the latest news from Europe. She is at Wiramar. A correspondent writes that during her frequent intercourses with the Pope, she has given evidence of an exalted mysticism, and a feverish piety. She has repeatedly thrown herself at the feet of Pius the Ninth, and implored his protection against snares with which she believed herself surrounded. In short, the character of her insanity is to believe herself continually harrassed by enimies and traitors. She scarcely dares to touch any food which is offered her, as she imagines that even the persons of her suite desire to poison her. Her medical attendants still hope that repose and care will restore her reason.

The Tribune on Wendell Phillips.

New York, Oct. 25.—The *Tribune* has the following this A. M.: Mr. Phillips is to lecture this evening in our city. His theme, as first announced, was "The Treachery of the Republican Party." He has since changed this to "Reject the Amendment; Depose the President." The Republicans are not likely to accept Mr. Phillips as a counsellor in such grave matters until he shall have at least once voted for its candidates. They may possibly be compelled to impeach the President, but they will do this, if at all, with profound reluctance and only because it is their imperative duty. We fervently trust that the necessity may be avoided, for an impeachment of the President, no matter how just and necessary, will almost certainly plunge the country afresh into convulsion and civil war, just when its need of peace and thrift is most urgent. If the Republican shall ever be driven to such impeachment, it will follow therein the counsel of no enemy so persistent and implacable as Wendell Phillips. We deprecate Mr. Phillips' polished invective against everybody and everything only as calculated to inflame the lingering prejudice North and South against impartial suffrage, and thus postpone a final all embracing settlement of our remaining differences.

Interviews with the President—Another Counterfeiter Turned Loose.

Washington, Oct. 25.—The President to-day had an interview with the Secretary of the Treasury, Secretary of the Navy, and Attorney General upon business of an official nature. Audience was also given to Representative Lawrence, of Pennsylvania, and delegate Goodwin, of Arizona Territory. Besides there were, at the White House, Hon. J. S. Black, of Pa., Judge Rice, of Maine, Dick Taylor, of Louisiana, and Judge Gilmore, of Indiana.

The President has ordered the pardon of Johnson Winn, convicted in November, 1864, before the United States District Court, of New York of passing counterfeit U. S. fractional currency and sentenced to the Penitentiary for four years and six months.

Dedication of the Baltimore Peabody Institute—Investigation of Evening Star Disaster.

New York, Oct. 25.—The *Post's* special says: The Peabody Institute in Baltimore was dedicated to-day with appropriate ceremonies. Governor Swann welcomed Mr. Peabody, who briefly replied.

A private investigation by Captain Frew, special agent of the Treasury Department, of the Evening Star disaster, commenced here to-day. So far as is publicly known the vessel was shown by seventy witnesses to be first class in every respect.

Vermont Congressional Nomination.

Montpelier, Vt., October 25.—At a Union Convention held in Hyde Park, to nominate candidates for Congress, in place of Messrs. Hoyt and Baxter, who were voted for by the Republicans in September last, Worthington C. Smith, of St. Albans, was nominated on the first ballot, receiving sixty-five votes.

THE BALTIMORE EMBROGLIO.

Examination of Police Commissioners to be Held To-day at Annapolis.

Baltimore, Oct. 25.—The examination of witnesses in the case of the Police Commissioners will commence to morrow before the Governor, at Annapolis. Some fifty witnesses have been summoned to sustain the charges of official misconduct against the Commissioners. It is understood that the council of the Commissioners whilst denying the jurisdiction of the Governor to try the charges, have determined to be present to watch the progress of the case. Whether they will take part in the examination of witnesses, as they have been notified to do, is not yet determined.

There is much speculation as to the course the affair will take. Some think the case will be abandoned for the want of sufficient evidence. On the other hand, it is claimed that new evidence has been procured, and it is designed to vigorously push the affair to a speedy conclusion.

The President's Cable Message.

New York, Oct. 25.—The following message from President Johnson was sent to Liverpool by the cable on the night of the banquet:

To the officers of the Atlantic Telegraph Expedition:

The President of the United States reciprocates the friendly congratulations of the banquet at Liverpool, and trusts that the people of Great Britain may henceforth and forever remember that in the history of human progress they will be held to have been not alien and hostile powers, but kindred nations springing from one root and portions of one race, extending the common principles of liberty and humanity.

Arrest of a Murderer at New Orleans—Conflict of Civil and Military Authorities.

New Orleans, Oct. 25.—Mathew Gibson, a citizen, charged with murdering Sergt. Shuck, 6th United States Cavalry, in Park county, Texas, has been arrested by the civil authorities and held for trial under bonds. He was afterward arrested by a military order from Gen. Heintzelman. He was then brought by habeas corpus before District Judge Goade, who decided that the military had no jurisdiction of his offense, he being a citizen.

Severe Sentence of a Horse Thief—Heavy Failure of an Oil Dealer.

Boston, October 25.—At Lawrence, to-day, George A. Kinnestone, one of the livery burglars, and engaged in an affray with State constables some time ago, was sentenced to State's prison for twenty years.

The New Bedford *Standard* says: The failure of George A. Simmons, oil dealer, of Boston, for a quarter of a million dollars is reported, and it is stated that his liabilities to parties in this city are one hundred thousand dollars.

The New Jersey Bribery Case.

Trenton, N. J., Oct. 25.—The Legislative bribery cases were concluded to-day. In the case of State vs. Garret Van Wagoner the jury, under direction of the court, rendered a verdict of not guilty. No case in the opinion of the State's counsel was made out. The case of Barclay Haines, in consequence of the absence of witnesses for the State, went off for the term. In the Second indictment against David Holzman, the State's counsel entered a nolle prosequi, in consequence of a defect in the indictment.

Amusements.

Opera House.—The Opera House was crowded last evening by an appreciative audience, to witness C. W. Couldock and his talented daughter, in the beautiful play of the "Betrothal." This piece is replete with many fine points, which were brought out effectively by the entire cast, each character being played exceedingly well. To-night the Couldocks take their farewell benefit, producing the two pretty domestic dramas of the "Porter's Knot," and the "Cricket on the Hearth." It is an unusually strong bill, and should attract a large audience, as it doubtless will.

The patrons of this establishment have a rich scenic treat in store for them, as Manager Hess has completed all his arrangements and will produce the "Three Guardsmen" at his establishment on Monday evening, with the full strength of the star stock company. From what we have seen of the preparations for its production, we are convinced that in regal grandeur and appropriate magnificence it has never been equalled in this city. All the wardrobe appliances and effects that were used during its successful run at the Olympic, New York, have been secured for its representation here. The sale of tickets will commence immediately at the box-office of the Opera House.

Theatre.—After a successful run of four nights, "O'Donnell's Mission" has been withdrawn from the boards of the theatre, and to-night Mr. Brougham will appear in two of his best characters for his benefit, that of Capt. Cuttle, in his own dramatization of Charles Dickens' "Dombey and Son," and as O'Callaghan in "His Last Legs." Of course the house will be crowded.

"Something to Do."

Miss Dickinson's lecture last evening, at the Academy of Music, under the auspices of the Young Men's Mercantile Library Association, on "Something to Do," was an earnest and vigorous appeal in behalf of her own sex, for an enlargement of their sphere of usefulness both to themselves and to the world, and an earnest exhortation to women to enter upon and occupy it. Many of her thoughts were good and sound; but she said many things from which, doubtless, a majority of her auditors would dissent. Not a word was said upon the political rights of women—that point upon which some of our lady reformers insist so strongly. But we shall not discuss the subject, nor show our opinion. One thing we regretted, and that was the lack of any reference to that Divine Man who lifted woman from beneath the feet of man and set her beside him as his beloved companion and friend; nor of the fact, that if woman is less a citizen of earth than man, she is, for that very reason, better fitted to have her citizenship in Heaven. The hall was filled with an attentive and appreciative audience.

A Policeman Charged with Blackmailing a Woman.

Emma Stanley appeared before Alderman Strain yesterday and made oath charging Officer John Lutz with extorting from her the sum of $15, by fraudulent representations. In her deposition the prosecutrix states that Lutz arrested her on Saturday last at the house of Mrs. Fanny A. Splane, in Miltenberger's alley, on, as he said, a process issued by Judge Mellon, for her appearance as a witness in the case of the Commonwealth vs. Mrs. Splane, who was charged with keeping a bawdy house. Instead of conducting her to prison, the accused is said to have brought her to a hotel, where he engaged rooms until Monday morning. He then demanded the girl to give him the sum named above, or he would send her to jail. She, fearing he would carry his threat into execution, paid the money and escaped confinement. A warrant has been issued for the arrest of Lutz.

Killed on the Railroad.

Captain A. B. Jolly of the Northern Line Packet, Savanna, came to his death on Thursday, the 23d inst., by a railroad accident, near Keokuk, Iowa. Captain Jolly was well and favorably known, and had been identified with the Northern Line ever since its organization. His sudden and violent death will cast a gloom over his host of acquaintances, who sincerely sympathize with his wife and family in their loss. His funeral will take place from the residence of his brother, Mr. A. J. Jolly, Phillipsburgh, Pa., on Saturday, the 27th inst., at ten o'clock A. M.

His numerous friends will learn of his death with feelings of deep regret.

The Gazette.—The Gazette can be obtained at Daniel Ferry's popular news depot, No. 191 Smithfield street, where a large stock of late books, periodicals, magazines and stationery is kept constantly on hand.

THE TEMPERANCEVILLE HOMICIDE.

Conclusion of the Trial—Arguments of Counsel and Charge of the Court—Verdict of the Jury—"Guilty of Murder in the Second Degree."

Thursday, October 25.—Court opened at the usual hour yesterday morning, and the trial of Charles B. Stein, for the killing of David Roberts, was resumed. As on the preceding days, the family of the defendant were present in Court, Mrs. Stein sitting with apparent coolness except when the counsel for the defense made some peculiarly affecting point in his argument, when she would weep silently, or when the District Attorney made some strong point for the prosecution or some uncomplimentary allusion, when she would look a keen displeasure which she could not express. She sat close beside her husband throughout the trial, and the two little children sat with them. The little girl did not seem to comprehend the situation of her father, but the boy clung close to his father's chair and wept nearly all the time. The defendant himself seemed more deeply interested in the case as an interesting and exciting contest than as a matter of life and death for him. The only circumstance that seemed at all to overcome him was the silent crying of his child, which seemed partly to annoy and partly to grieve him. Most of the time he sat without any apparent emotion, and watched keenly the course of the argument.

M. M. Swartzwelder, Esq., for the defense, first addressed the court and jury at length, in his usual forcible and argumentative style, submitting the following points on which he urged the court to charge the jury, and fortifying his points with numerous citations of authority, and supporting them by ingenious arguments:

First—That where a felony is attempted upon the person of the wife, and the husband interpose and kill, such killing will be justified. Wharton, Homicide 230.

Second—That if the husband has a reasonable apprehension that his wife is in imminent danger of loss of life, or in great bodily harm, and kills, the killing is excusable, though there was no actual danger. Wharton, Homicide, 219 20, 22; Wright, 267.

Third—That in estimating the reasonable apprehension, the jury must consider the physical condition of the parties. Wharton, Homicide, 288-9.

Fourth—That if the jury believe that Roberts was killed undesignedly, then the rule as to self-defense and reasonable apprehension will apply. Wharton, Homicide, 365-6.

Fifth—That if the jury believe the shot was fired by the prisoner while laboring under excitement produced by sufficient provocation, then the killing is but manslaughter.

Sixth—If the jury believe that the killing was in defense of his family or property, the prisoner was not bound to retreat, and the killing is excusable. Wharton, 332-3.

At the conclusion of Mr. Swartzwelder's somewhat prolonged remarks, the Court and jury were addressed, on the part of the Commonwealth, by Hon. S. B. Duff, District Attorney, who with more brevity than his predecessor, reviewed the testimony in the case, and cited the law bearing thereon, claiming that Stein himself was responsible for whatever disturbance may have occurred in his house on that night, as he held out a general invitation to all parties, to assemble there, and after they had assembled, had heated them with intoxicating drink. He therefore could not claim that in shooting Roberts he was only exercising the right of an ordinary citizen in protecting his house from unlawful disturbance, inasmuch as the unlawful disturbance, if unlawful disturbance there was, is directly traceable to the defendant himself. Again, there was no premeditated disturbance on the part of the party to which Roberts belonged—no fight as claimed by the defense, between the nationalities. Whatever fight there was of a general character, was only incidental to the initial difficulty between Roberts and Stein about the cigar, which difficulty was certainly not sufficient to justify the shooting, and had entirely terminated long before the firing. A brief review of the testimony bearing on this point was made. As to the shooting, if there was any intention, on the part of the defendant to protect his wife, he chose for his victim the very man who was farthest from her, and was doing nothing whatever in the way of assailing. He shot the man who had, some time ago, slightly provoked him, and the shooting [illegible] in the way of revenge [illegible] defense. That it was [illegible] that prompted the shooting is proved by the fact that the defendant made several other attempts to kill, by snapping caps first at Roberts, and after he had killed him, firing indiscriminately after the retreating crowd. It is only a fortunate chance that prevents the prisoner being on trial for three or four murders as the result of his general malice and desire for revenge.

When the District Attorney had concluded the Court charged the jury to the following effect concerning the points submitted by the defense:

First—This point is affirmed, with the qualification that the killing was necessary, or reasonably appeared to be necessary, to avert the attempted felony on the wife. The danger to her must be immediate and imminent, or have appeared to be so, and no other reasonable prospect or means of escape at hand to avert it, except by killing the assailant.

Second—Affirmed. The answer to this is partly contained in the qualification to the answer to the first point, and nothing further is necessary to be said except to affirm this point. To make the killing excusable under the circumstances, on the part of the husband, he must have no other available means at hand of averting the injury to his wife than by killing the assailant.

Third—This point is affirmed.

Fourth—Affirmed. If the prisoner or his wife were assailed by one or more parties, and either of them in danger of life or great bodily harm, and the danger imminent, or apparently so, and no other means at hand of escaping or averting it, and in attempting to kill the assailant the prisoner undesignedly killed the deceased, he would be excusable. That is to say, that if the prisoner was so circumstanced as to be excusable in taking life in self defense of himself or his wife, and he undesignedly took the life of the wrong party by mistake, he would be equally excusable as though he had killed the actual assailant.

Fifth—This is also affirmed. If the fatal shot was fired under the excitement or sudden impulse of passion produced by adequate provocation, either in a sudden and unpremeditated affray where actual blows had passed, or blows inflicted upon himself and wife, and in the heat of blood produced thereby, it would be but manslaughter. To reduce it to manslaughter, the provocation must be adequate. It must amount to blows or result from the excitement of a sudden fight or a fray. Opprobrious words or insulting language will not afford adequate provocation. The distinction between murder and manslaughter consists in this, that manslaughter is supposed to be committed in the sudden heat of blood or ebulition of passion—impulsively done under the excitement of the moment, without any malice, either express or implied; but murder either of the first or second degree is supposed to result from malice. The one is the result of sudden of sudden passion, an adequate provocation; the other murder is supposed to result from the wickedness of the heart; that is to be born of malice, either express or implied.

Sixth—If the killing was done in defense of the prisoner's property or family, the same principles apply as already explained. It is true, as alleged in this proposition, that if a man's property or family is attacked he is not bound to retreat from it or them if he can before taking life in its or their defense. That is to say, he is not bound to leave it or them defenceless and make his own escape if he can. He may defend them, and take life in their defence, although he might himself escape; but to excuse him under such circumstances, the danger to his life or property must be imminent and immediate, or reasonably appear so to a prudent, right minded man, and no other available or reasonably probable means of averting the danger appears to be at hand, except by killing the assailant. This degree of importance awarded to the protection of a man's property is confined to the protection of the possession of his dwelling, and whether any question in regard to the possession of the dwelling house of the prisoner arises here, is for the jury.

His Honor then proceeded to review the testimony adduced in the case and to lay down the law bearing upon the different grades of murder.

At the conclusion of the charge, the jury retired, and the Court took a recess until two o'clock.

On the re-assembling of Court in the afternoon, the jury had not agreed upon a verdict, and it was not until half past three o'clock that they announced their verdict ready. At that time the prisoner was brought in and placed in the box, and the jury entered the room. In reply to the question of "guilty or not guilty?" the foreman responded, "Guilty of murder in the second degree." The prisoner received the verdict with calmness, except that he grew a little pale, but a moment or two after the verdict had been rendered he began to tremble violently, and for a moment seemed in danger of falling. It was evident that he expected a verdict of acquittal. After the verdict had been recorded in due form, the prisoner was remanded to jail, and left the room, preceded by his wife and children. Court then resumed its routine of other business.

Held to Bail.

A young German named Edward Jenni, appeared before Alderman Humbert, yesterday, and made oath, charging Edward Day with having perpetrated an unprovoked assault and battery on the person of the deponent. It appears the prosecutor was employed by Day, to attend a pair of horses. On Wednesday the accused visited his stable to examine the condition of the animals, which, not being as he desired it, he struck Jenni ten times in the face with his clenched fist, injuring his "dial" in a serious way. Day was held in $300 bail for a hearing, to be had in the case this evening at seven o'clock.

Celebration.—A grand Union Republican jubilee was held in Wheeling on Wednesday evening in honor of the recent election triumphs. The city was gaily illuminated and decorated with flags, mottoes and transparencies. A procession, consisting of the Fire Department, a number of military and civic organizations, and citizens in common, marched through the streets. The festive scene was continued almost to the midnight hour.

Interesting to Farmers Regarding Internal Revenue Tax Decisions.

The following is very important to farmers, the decisions have recently been given by the Commissioner of Internal Revenue at Washington.

1st. Farmers will not be required to make return of produce consumed in their own immediate families.

2d. The farmer's profits from sales of live stock are to be found from deducting from the gross receipts for animals sold, the purchase money paid for the same. If animals have been lost during the year by death or robbery, the purchase money paid for such animals may be deducted from the gross income of the farm.

3d. No deductions can be made by the farmer for the value of services rendered by his minor children, whether he actually pays for such services or not. If adult children work for him and receive compensation for their labor, they are to be regarded as other hired laborers in determining his income.

4th. Money paid for labor, except such as is used or employed in domestic service, or in the production of articles consumed in the family of the producer, may be deducted.

5th. No deduction can be allowed in any case for the cost of unproductive labor. If house servants are employed a portion of the time in productive labor, such as the making of butter and cheese for sale, a proportionate amount of the wages paid them may be deducted.

6th. Expenses for ditching and clearing new land are plainly expenses for permanent improvement, and not deducted.

7th. The whole amount expended for fertilizers applied during the year to the farmer's land may be deducted, but no deduction is allowed for fertilizers produced on the farm. The cost of seed purchased for sowing and planting may be deducted.

8th. If a person sells timber standing, the profits are to be obtained by estimating the value of the land after the removal of the timber, and from the sum thus obtained, deducting the estimated value of land on the 1st day of January, 1862, or on the day of purchase, if purchased sine that date.

9th. Where repairs have been made by the tax-payer upon any building owned by him during the preceding five years, nothing can be deducted for repairs made during the year for which his income is estimated.

10th. A farmer should make returns of his produce sold within the year, but a mere executory contract for a sale is not a sale; delivery, either active or constructive, is essential. The criterion by which to judge whether a sale is complete or not is to determine whether the vendor still retains in that character a right over the property; if the property were lost or destroyed, upon which parties, in the absence of any other relation between them than that of the vendor and vendee, would the loss fall.

Petroleum and its Prospects.

The Titusville *Herald* says: The heyday of speculation in petroleum and petroleum stocks is over. There is scarcely a possibility that the excitement which at one time agitated the whole country in reference to this production can ever be revived. The reaction has been severe, and by the reflux many valuable interests have been swept away. But notwithstanding the depression in business, and the cessation of outside attention to it, those who have been really interested in good oil wells have gone on steadily, with wise measure of industry, and have availed themselves of every advantage which nature permitted. It surprises many, who, in other pursuits, have lost all sight of petroleum affairs, that as far as production is concerned, there has never been such a successful period as now. There are more producing wells than ever, and although the monsters which spouted forth their thousand and twelve hundred barrels in a day have ceased to flow with any such profusion, yet the steady yield of flowing and pumping wells is greatly upon the increase. This can be shown by the export statements, which prove that since the first of January last, forty-two millions of gallons of petroleum have been exported from the principal ports of the United States; whereas, in the same period in 1865 but fifteen millions three hundred thousand gallons went forward. This shows an increasing foreign demand, and also an enlarged home production. We must also recollect that an immense quantity of this product has been lost by the disastrous fires which have taken place in Pennsylvania, the damage being quite sufficient to have an undoubted influence upon the trade. Commercial statistics show that the number of vessels which have taken petroleum exclusively from Philadelphia, on foreign account, has been as many as one hundred and twenty-eight in eight months. In coal, iron and petroleum Pennsylvania has advantages which no other State can equal.

Drowned.—As the steamer Liberty was lying at the Parkersburg wharf, last night a week ago, Martin Potts, the watchman, took the yawl and went over to the Express, also lying at the same place. He got safe aboard the latter boat, and, after transacting his business, proceeded to the side for the purpose of getting into the yawl to return. By some means, or other, instead of getting into the yawl, he fell into the river. He was heard to cry for help, but before any could be rendered he had disappeared underneath the water. Search was made for his body, but ineffectually, nor so far as our information goes, has it yet been recovered. Potts resided, we believe, about forty miles below Wheeling, in Ohio.

Street Walkers.—There appears of late to have been a great influx into our city, from some quarter or other, of a number of females of the baser sort, who shamelessly walk our streets night after night, accosting pedestrians who come in their way. They have become an actual nuisance, and the police should pay some attention to ridding the city of their presence, if such a thing be found possible to do. That so many frail creatures should earn a livelihood in a city so small as Pittsburgh, is a commentary upon our morals as a community by no means flattering.

A Good Joke.—The Sandusky *Register* says that the Postmaster at Castalia, Erie county, has done the cleverest thing of the season. He recently received a circular from Mr. Charles Knap, Chairman of the National Johnson Central Committee, at Washington City, begging funds with which to distribute Johnson documents. In reply, the Castalia official enclosed and sent to expectant Knap a plethoric package of *Confederate scrip*, accompanied by a polite note begging that the remittance would be accepted and applied to the congenial purpose mentioned.

Accident.—About three o'clock on Wednesday morning, an employee of the Baltimore and Ohio Railroad company, whose name we are unable to learn, was unfortunate enough to get his foot under the wheel of a locomotive. The accident occurred at Cameron. The wounded man was brought to this city and taken to Bulger's boarding house, where Drs Hubb and Frissel were called to amputate the crushed foot. The operation was performed yesterday, the sufferer being under the influence of chloroform. He is now doing well.

Good Appointment.—Many will be glad to learn that General George S. Gallape, formerly Major in the Eighth Regiment Pennsylvania Reserves, and afterwards Colonel of the Fifth Heavy Artillery, has been appointed to a Captaincy in the regular army. The General proved himself during the war to be an excellent officer, and was breveted Brigadier General for gallantry in the field.

A New Style.—Among the latest fashions we observe among the ten of this city is a great red silk kerchief, strongly resembling the ancient bandanna, which is fastened to the waist by means of a silken girdle at one corner, and allowed to hang loosely. We can't say we admire the new foible.

Silver Ware at Auction.—This (Friday) afternoon at two o'clock, and this evening at seven o'clock, at McClelland's Auction Rooms, 55 and 57 Fifth street, will be sold an elegant assortment of Silver Plated Ware of the richest and most costly design. The ladies are specially invited.

Died of Cholera.—John Joyce, whose parents reside at the junction of Ross and Fifth streets with Pennsylvania avenue, died in Cincinnati on Tuesday night of Asiatic cholera. The deceased was well and favorably known in this city, which he left but a few days ago.

Gone Away.—Mrs. Mary Houseman, who was Thairwell's *particeps criminis*, sold out her household effects in Cookstown and removed to the West. She owes her life to the magnanimity of Thairwell, who refused to testify against her.

Exhibition.—The Turner Society announce a grand exhibition at the Academy of Music on Monday evening next.

FRIDAY, OCTOBER 26, 1866.

REPRESENTATIVE GOVERNMENT.

It is a fundamental principle of popular government that the Representative shall obey the will of his constituents. Of course, there are limitations to this rule. There are things which no man or aggregation of men have a right to do. What, therefore, a Constituency would incur guilt in performing directly, they are not at liberty to require at the hands of a Representative, nor is a Representative at liberty to comply with such a requirement from his constituents, no matter how complete unanimity may exist among them. Neither PILATE nor the Hebrew Sanhedrim stand excused in history for the crucifixion of Christ because the populace demanded the execution.

A time was in the history of this country when men holding Representative positions were freely allowed to follow normal methods for ascertaining the popular will. It was not less their interest than their duty to scan all manifestations of prevalent opinion; to determine whether a given popular conception was founded on fact or fiction; was likely to be temporary or abiding; if compliance with it would be hurtful or beneficial; and upon all the aspects presented to frame their judgment and act upon it. If they misjudged the popular mind, or, judging it correctly, felt bound to resist it, they prepared to take the consequences when their term expired and an appeal to the people at the ballot boxes became inevitable.

Since then various expedients have been devised to enable cliques of politicians to control the action of Representative men on all public questions. The scheme is to so strip them of their essential character as to make them automatons in the hands of leaders of the faction. In this scheme the Representative incurs all the responsibility, and the heads of faction, standing behind him, have all the power. This is the meaning of much of the machinery with which all parties have become encumbered.

Let us give a definite illustration of what we mean. State and County Conventions were devised as convenient instrumentalities for calling nominating and other Conventions and prosecuting the other legitimate labors of a canvass. So far these instrumentalities are well. But what would be said if certain intriguers should seriously propose to convene the Republican State Central Committee, in special session, to determine what individual the Senators and Representatives chosen under the Constitution and Laws, shall make United States Senator next January? Surely, it would be felt that this was intruding an irresponsible and extra-legal body into the province of one ordained by the Constitution and selected under the due operation of the laws. The impertinence would be promptly rebuked as an insidious attempt to overthrow representative government and introduce the domination of cabals.

In some of the counties of this Commonwealth preparations are making for the inauguration of such a scheme. At least the germs of it are conspicuous. County Committees are claiming authority to dictate for whom Senators and Representatives, in their places, in the two Houses, shall vote to fill the seat soon to be vacated by MR. COWAN; or, if they do not make the claim in their own behalf, it is made for them, by politicians who think they would be able to control the action in the matter. In other instances, it is proposed to go behind the County Committees, and institute popular elections, under what is known as the Crawford county system, to decide how Senators and Representatives shall vote when they get into their seats in the Capitol at Harrisburg. Of course, the concoctors of this scheme have definite ideas of their own to serve, and hope to manipulate these informal elections so as to carry their points.

Our deep conviction is that it is wiser and better to have less party machinery rather than more. Especially do we protest against all plans for taking responsibilities out of the hands of the agents legally appointed. It borders upon insanity to have public business virtually performed by agents unknown to the laws. In selecting Senators and Representatives the people ought to take men who know and are known; who have at least sense enough to be enlightened as to their duties by such methods as the laws provide; and who will act conscientiously and intelligently, no matter what demagogues may devise or command. If a member of the Legislature cannot tell whom he had best vote for as United States Senator without the help of certain appliances now proposed, he made a great mistake in consenting to take the office, and his constituents a greater one in lifting him out of the common ranks.

The members of the Legislature have this duty laid on them next winter. It is laid on *them*, and not on managers of county politics. If they are incompetent to the task, they had best resign and let fresh elections be held. If they feel able to discharge the duty in a proper manner, as we doubt not they do, then for the sake of their own dignity and for the honor due to our representative system, let them treat with contempt all endeavors to remove the election of a United States Senator from the capitol of the Commonwealth to the caucusses of cabals in the respective counties.

THE COAL TRADE.

Heretofore we have expressed the opinion that the attempt, at the last session of Congress, to increase the impost duty on bituminous coal, was made not so much to protect our own people who are engaged in mining and forwarding to market that description of fuel, as to benefit those who are concerned in the anthracite coal traffic. This view receives confirmation from an article in the Pottsville *Miner's Journal* of last week. It is the object of this article to show that without increased duties on foreign coal, bituminous, of course, the prospect of the anthracite trade is not very flattering. The duty on foreign coal is $1,25 a ton, but it is alleged, that this does not equal the difference in the price of labor respectively in Nova Scotia and the United States. As the case stands, Pictou coal can be run into New England, so as successfully to compete with Pennsylvania anthracite or semi-bituminous.

Now, we believe in the Protection of Home Industry, and stand by the principle in its application to any interest, and in any section of the country. But, in the existing condition of our currency, and the exorbitant prices of labor consequent thereon, the only or the best remedy is not to be found in increased duties. One of the most essential things is to get back to a specie basis as rapidly as possible. It is pure charlatanism to imagine that increased duties will avail so long as the currency is correspondingly inflated. Business men ought to have seen this months ago, and gone in for a return to a metallic bottom, instead of clamoring for more irredeemable paper. The sooner they do this the better. Then it will be possible to adjust the tariff so as to make it efficient and reliable, and not till then.

THE USES OF ADVERSITY.

Prior to the rebellion, for a period of thirty years, the Democrats held the destinies of the United States in their hands. For more than a generation their rule was almost unbroken. Whatever temporary revulsions overtook them, their adversaries gained no more than a precarious and transient foothold in one or other of the co-ordinate branches of his government. Many things that the Democrats did were well done. Many other things that they claimed as the ripe fruits of their wisdom and patriotism were not done by them at all, but grew spontaneously out of certain felicities of natural resources, or were the product of general movements among the people which could not be materially helped or hindered by legislative interposition.

Instances can be hunted up in history where individuals or parties lost political power because of virtues. They were better than their age would tolerate. But this cannot be said of the Democrats. By the long retention of power they became corrupt and reactionary. Instead of marching with the best aspirations of the times, they conceived the project of keeping themselves in place by enforcing inaction or retrogression. Avowing doctrines of the largest liberty, they became the allies of proscription, of caste, of slavery—and of these in the forms most offensive to all true and hearty conceptions of Democracy. In common with the whole breed of apostates and betrayers, they became envenomed, bitter, and relentless. Freedom, as the rightful and indefeasible inheritance of all human beings became hateful to them. The domination of our race over another, and of powerful classes over all beside them, they elevated not only into an ordination of nature, but by the aid of the logical spectacles colored with a strong political bias, they read it in their Bibles as a beneficent provision of Providence.

Considering that this was in the nineteenth century of grace; that by a singular combination of circumstances a large majority of the people of this country had been thoroughly rooted and grounded in the doctrine of the equality of men before God and the Laws; and that the simultaneous movement of all civilized nations was towards ameliorations that should break all the bonds of oppression; it is not marvellous that the Democrats gradually but surely sank into a meagre minority, in which they were ready to resort to the most violent and criminal expedients of faction, either to regain power or to annoy and disquiet those who possessed it. This actually happened. When the Democrats perceived they were hopelessly made the bane of the people, they plunged into rebellion, hoping to institute a reign of anarchy, and trusting that some unforeseen contingency would so fall out as to leave them, when order should be restored, again in the ascendant. This contingency did not arrive. None of the permanent results happened which they hoped for. On the contrary, just those events were wrought out which gave them most displeasure; the Union was preserved, and slavery was abolished.

Adversity has its uses, but the Democrats, arrogant through success, would not learn in its school. The discipline to which they had been subjected during the war only served to make them more unplacable and revengeful. What liberty had gained they would wrest from it. Wherever light had broken in they would restore the old darkness. Before the late elections they were hopeful, expectant, and jubilant. The way back to power seemed to be invitingly opened to them by a great act of treachery, and all they thought they had to do was to march on and take possession. What reprisals they would then take on those who had held power without asking their consent! How many wrongs, cast down from their ancient pedestals and broken, they would cement and set up! Alas! for these truculent expectations. Even while they were flowering they began to wither. The voices of the people were heard, and the Democrats were confounded. They are no longer boastful and insolent. They see that their time has not come; that it is not likely to come. Will they now learn that the way back to power lies through putting away the idolatry of slavery? in washing out by patriotic well-doing, their complicity in the rebellion, in accepting heartily the changes effected or made necessary by the war? He who makes for them an affirmative response, incurs serious risk of finding he answered without authority or knowledge. Individuals among them may continue to break away, as they have done in years gone by. Doubtless they will. But the democratic party, as an organization, has become fossilized, and is without the power to change. Continued adversity may abrade it—and doubtless will—but will not be allowed to soften its asperities, to correct its mistakes, to chasten its ambition, or to animate with a sense of justice and the loveliness of humanity.

FREEDMEN'S SCHOOL HOUSE BURNED.

In a brief telegram published in the GAZETTE of yesterday morning it is stated that a school house erected by the Pennsylvania Freedmen's Relief Association, at Stevenson, Alabama, was fired by an incendiary and totally destroyed. The facts with regard to the burning are correctly stated, but not the proprietorship of the building. This house was purchased about a year ago by the Freedmen's Aid Association of Western Pennsylvania, Eastern Ohio, and West Virginia. The house had just been fitted up for school purposes, and the school was to have been opened on the day on which it was destroyed.

The several schools of this Association are resuming operations after the usual summer vacations. They have to contend with many difficulties, but are doing well.

THE rejection by the Legislature of Texas of the Constitutional Amendment is attributed to several causes. In the first place it was not to be expected that the rebel leaders, who control that State, as they do all the other seceding States, would consent to their own proscription so long as their refusal promised to avail anything. So many ambitions were never yet voluntarily dashed and broken, except under the influence of a great necessity. Moreover, when the rejection was carried the results of the October elections had not reached that remote portion of the republic. It was not understood that the President's Policy had been vetoed by the People, and stood no chance of adoption, while the Congressional Plan was sure to be ratified by the requisite number of States. But, even if the returns of the elections had been received by the members of the Legislature, and they comprehended the full import of them, it is fairly presumable they would prefer to have the Constitutional Amendment passed over their heads rather than concur themselves in its passage. In this way, whatever necessity might be laid on them they would preserve their pride from humiliation.

HON. GORDEN F. MASON, of Bradford county, will be presented as a candidate before the next Legislature for State Treasurer.

A Cheering Fact.

NASHVILLE Oct. 22.—Rev. W. J. Ellis, Rector of Christ's Church, the leading Protestant Episcopal Church in this city, announced from his pulpit yesterday, that on next Lord's day, in the afternoon, a Sabbath school would be opened in his church for colored children and youth. He stated that the superintendent of the Church's Sunday school would superintend the colored school, and that he would be seconded and assisted by his whole corps of white teachers. All adult colored persons desiring to learn to read, and hear God's blessed word, were also heartily invited to attend the school. A collection was taken up to defray the expenses of the school, and I think the contribution was a liberal one. It affords me great pleasure to record this first step of a Southern church in this city to educate and elevate the freedmen; and the manner in which the subject was presented yesterday, by the excellent rector of Christ's Church, evinced that his heart was warmly enlisted in the enterprise.

The time cannot be distant when the Christian churches of this city and of the whole South will devote their energies to this philanthropic work. Ethiopia is stretching out her hands to God. Four millions of freedmen are pressing about the gates of knowledge. Can the religious heart of the South longer refuse them entrance? I think not. The day is dawning. The reign of prejudice and passion and degrading epithets is departing.—*Cor. Cincinnati Gazette.*

PITTSBURGH, MAY, 10th, 1866.

MESSRS. HOSTETTER & SMITH:

GENTLEMEN:—During a visit to the West last fall, I contracted chills and fever, which brought me to my bed, and finally terminated in typhoid fever, and confined me to my room for several months, during which time I was physically so prostrated that I almost despaired of ever recovering my health, having almost entirely lost my appetite for days, not being able to eat a morsel, added to which I was distressed with a reeling sensation in my head, and passed many sleepless nights—all from debility caused by my prostrate condition, brought about by fever. At this stage of my condition a friend recommended me to use your celebrated Stomach Bitters, but being morally opposed to the use of stimulants in any form, I at first declined, but afterward yielded my prejudices, and after taking the medicine for several weeks, my appetite returned, and with it I am rapidly regaining my former strength and vigor. My sleep (from the loss of which I have suffered much) has never been better than it is now, and the reeling sensation (before alluded to) has entirely left me. My bowels, which were much constipated and irregular, are now quite natural, and in fact, I am glad to say that I feel myself a new man, and render you this testimonial of my appreciation of your valuable preparation in order that others may avail themselves of its virtues, which prejudice kept me from enjoying for so long a period. I may also add that my physician, after seeing beneficial effect of your bitters on me, recommended that I use them regularly.

Yours, very respectfully,
E. BOURNE,

WAIT FOR THE BEST!
Woman's Work in the Civil War;
BY L. P. BROCKETT, M. D.,
AND
Mrs. MARY C. VAUGHAN.
This work, prepared under the sanction and approval of the United States Sanitary Commission, the Western Sanitary Commission, and the Christian Commission, is in the press, and will be published early in January next. Its preparation was commenced more than three years ago, and has since been prosecuted with care and diligence. No effort or expense has been spared to make it authentic, complete and interesting. Its materials have been furnished by the families or friends of the subjects. It will contain sketches of one hundred and seventy-five ladies, distinguished for their labors in behalf of the soldiers, Refugees and Freedmen, with abundant incidents of their work, and brief notices of about four hundred others, while a just tribute will be paid to the thousands of nameless Heroines, who braved every danger and privation, or quietly toiled and sacrificed time, health and many of them life, to give aid and relief to our suffering soldiers.
Some of the ablest pens in the nation have been employed in the preparation of the sketches, and the Introduction is written by an eminent scholar and divine, himself actively engaged during the war in philanthropic labors.
The work will contain about 600 pages, small quarto, and be embellished with numerous steel portraits, by the best engravers in the country from photographs, or paintings of the subjects.

J. B. CAPEWELL,
WIND-GUARD AND AIR-HEATER
FOR COAL OIL LAMPS.
PATENTED OCTOBER 25TH, 1866.
The merits of this invention consist in its protection to lamp chimneys, which are continually breaking while being used with the ordinary lamps. No sudden transition from heat to cold can crack or break these chimneys; the lamps can be carried with safety and without apprehension, in the most violent wind,—reflecting a steady light under all circumstances; and the fact that one-third less of oil is consumed, renders this a most valuable acquisition to house-keepers. Samples sent to any part of the U. S. on receipt of 25 cents, post paid.

PURE CALIFORNIA WINES.
GURNER & CO.,
No. 80 Cedar St., New York,
Offer for sale these valuable Wines, which are gaining public favor with astonishing rapidity, and whose unprecedented and unrivaled popularity is not without merit. They have only to be fairly tested to give them the preference over all others. As a purifier of blood they excel all other Wines, and the numerous certificates which have voluntarily been tendered from the most eminent physicians, as well as gentlemen in every position in life, are proof conclusive that these Wines are useful in all cases for which they are recommended.
The following brands are now offered by us. They comprise all the varieties now grown in the State suitable for sale:
WHITE, or HOCK WINE—"f a light straw color, very delicate and fine flavored.
CLARET—A superior wine for table use.
ANGELICA—A rich and naturally sweet wine, much admired by ladies, and valuable in the sick chamber, as it makes fine wheys and jellies. It is a fine dessert wine, and well adapted for Communion purposes.
MUSCATEL—A light colored, highly aromatic wine. Very similar to the celebrated Tokay.
PORT—Deep red color, fine flavor, and in many respects similar to the old wines of Lisbon.
GRAPE BRANDY—The pure distillation of our wines.
WINE BITTERS—A very agreeable tonic and a sure remedy for the diarrhœa.
This is one of the most valuable combinations of a useful and an agreeable beverage that has ever been offered to the public. Millions of bottles were sold throughout the North during the last four years, and wherever introduced it has proved a welcome addition to the invalid table, the family circle, and the bachelor's sideboard.
Ladies who have lost strength and appetite, and suffer from nausea, vomiting and vertigo; gentlemen who "don't feel very well" just before breakfast or dinner, whose stomachs are out of order and whose systems are generally deranged; mothers weaning children and suffering from general debility; children of sickly nature and sour, dyspeptic constitutions; travelers who have occasion to change their water; and all who live in malarious districts and are subject to miasmatic influences, will find it one of the most valuable invigorators that can be taken.
It was used very extensively in 1861, with such general satisfaction that in offering it to the public now we deem it unnecessary to publish any of the many certificates that we have received, testifying in the very strongest terms in its favor. All that we can say is to guarantee that we will pledge ourselves to furnish an article PURE AND UNADULTERATED.
It has been given to little children suffering from weakness and weak lungs with most happy effect. One little girl in particular, with pains in her head, loss of appetite and daily wasting consumption, on whom all medical skill has been exhausted, has been entirely restored. She began with but a teaspoonful a day. Her appetite and strength rapidly increased and she is now well.

CONSUMPTION.

Our son JAMES PAINTER, some three years ago was afflicted with consumption of the lungs, for which he was discharged from the army. He was examined by four army physicians who all agreed that he must die with the disease. I brought him to Dr. KEYSER, 140 Wood street, (now 120 Penn street,) who, after sounding his lungs, commenced to treat him, and cured him sound and well. He is now well and has been so for the past three years. Others afflicted in like manner can likewise be cured.
JAMES PAINTER,
SARAH ANN PAINTER.
Temperanceville, Sept. 5th, 1866.

PITTSBURGH, December 31.
A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP. I live in Peebles township, Allegheny county. I had a cough and spitting, which commenced about the 4th of February last, and continued eight months. I employed the best physicians in the country, and my cough continued unabated until early in October. At that time I was advised to try your Pectoral Cough Syrup, which I did, and after I had taken one bottle I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think it should be known what this valuable remedy will do for others what it has done in my case.
JOHN C. LITTLE,
Witness R. F. KERR. Peebles township.

A case of five years' standing cured by DR. KEYSER'S PECTORAL SYRUP.
PITTSBURGH, January 11, 1866.
DR. KEYSER:—My wife has been afflicted with a dry cough and difficulty of breathing for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case I procured some of your PECTORAL COUGH SYRUP. I bought, the first time, a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself for a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.
WM. WILSON,
Alderman, Fifth Ward.

WHOOPING COUGH.

Below will be found a certificate from Doctor M. Dupuy, one of our most respectable dentists, in regard to Dr. Keyser's Pectoral Syrup. The Pectoral Syrup is also an infallible cure for every form of cough and cold to which we are liable.
PITTSBURGH, June 23, 1863.
DR. KEYSER—Dear Sir: I have for a long time been opposed to advertised or patent medicines, and it is with reluctance that I recommend any of them. The consideration, however, that I am doing the community a service, induces me to overcome my objections, and to publicly recommend your Pectoral Syrup. We have kept it in our family for the last five or six years, and have given it for coughs, such as are produced by colds, &c., with the effect of alleviating or entirely arresting them. During last winter our children were exposed to the infection of whooping cough, and each one of our three boys was attacked with what we believe to be that malady. We administered your Syrup liberally, and the result was, that the whooping cough lasted with neither of them more than ten or twelve days. I hope others will at least make a trial of your medicines in such cases, as we have found it beneficial.
Yours,
M. DUPUY, No. 21 Wylie street.

HERNIA OR RUPTURE.

It will be observed that we have published for some time past an advertisement of Dr. George H. Keyser, of 140 Wood street, Pittsburgh, Pa., in reference to Trusses and other mechanical appliances for the cure and relief of hernia, or rupture, besides various broken down conditions of the human body which are usually beyond the reach of medication. Dr. Keyser has given this branch of the business great attention for several years past, and we think we are justified in saying that he comprehends it thoroughly. You can get at his store Shoulder Braces for weak breasts, Elastic Stockings for varicose veins, Pile Props for the cure of Piles, and, in fact, every variety of mechanical appliance. Dr. Keyser is the inventor of a Truss for the radical cure of hernia or rupture, so perfect in its parts, and so comfortable to the wearer, as to elicit the admiration of all who may need such an appliance.
He has recently been in communication with one of the ablest and most experienced truss surgeons in the United States, and feels satisfied that ill-fitting and uncomfortable trusses, can be accommodated by calling at his consulting all those who have been plagued or annoyed with rooms, NO. 120 Penn street, or at his Medicine and Truss Depot, 140 Wood street. Office hours from eight to eleven A. M. and one to four P. M.

DEAFNESS AND THE EAR.

Many persons have rested content in the belief that skin and ear diseases, however troublesome, will wear out of themselves, or that no remedy will avail in effecting a cure; in this way many persons have suffered through some half dozen years, who might easily have been relieved at the onset in as many weeks. So also with regard to the ear, a prejudice has obtained that the ear is too delicate an organ to be treated or as is often expressed, *tampered with;* hence hundreds have thus remained deaf for the greater part of a lifetime, who might have been greatly relieved, and in many instances, completely restored to their hearing, had proper assistance been timely applied for, as may readily be seen by a perusal of the following certificate. We also take occasion to remark that the testimonial comes from a source close at hand, in Allegheny City, where, upon inquiry, any one interested can satisfy themselves of its truth:
PITTSBURGH, July 28, 1864.
DEAR SIR:—I take pleasure in adding my testimony to that of others in favor of Dr. Keyser's treatment of deafness. My son had been afflicted for five years with deafness produced from scarlet fever. At times he could not hear at all; and could only understand as we would motion to him. His speech had also become affected. Having tried other remedies without receiving any benefit, I applied to Dr. Keyser, and under his treatment he has entirely recovered, and can now hear as well as ever he did.

NEW ADVERTISEMENTS.

THE NEW
Spring and Summer Medicine.
FLUID EXTRACT
SARSAPARILLA,
COMBINED WITH
Iodide of Lime,
PREPARED FOR
G. W. PETTES, BOSTON,
BY
James R. Nichols & Co.
MANUFACTURING CHEMISTS,
MANUFACTURERS OF THE
ELIXIR PERUVIAN BARK
WITH
Protoxide of Iron,
Which has become so favorably known as a
Tonic and Restorative,
By Physicians and Invalids in all parts of the country.

The new preparation, "SARSAPARILLA IN A COMBINATION WITH IODIDE OF LIME, presents one of the most prompt alterative agents in a form capable of exerting full action upon the system, and this in minute and pleasant doses. It is conceded that the alterative, resolvent, or tonic effects of Iodine, are exerted most decidedly when associated with other alteratives, in combination; and the Sarsaparilla seems to fulfil perfectly all the favorable requisitions.
The first effect usually observed when "SARSAPARILLA WITH IODIDE OF LIME" is taken, is an increase of appetite, showing that it has tonic properties of a marked character. Its alterative effects are manifest in its ready combination with the blood and tissues. Hale, scrofulous women and children improve rapidly under its use, and the vital functions assume a healthy condition.
It is admirably adapted to a large number of chronic or acute affections peculiar to children. It is suited to them, both by the mildness and efficiency of Medicinal effect and the pleasant, attractive form of the remedy. It may be given for a long period where constitutional influences are desired, and no repugnance, or disinclination to take the syrup, encountered. In White-Swellings, Hip-Joint Disease, and Distortions of the Spine, it should be given persistently, in moderate doses, until relief is obtained.
In the Spring of the Year, and during the Warm Weather,
The accumulation of morbid matters in the system seems to become manifest and very troublesome. Lassitude, Headache, Boils, Costiveness, Loss of Appetite, Pains in the Joints, Indigestion, etc., are very common. Nothing ever devised is better adapted to exterminate or drive off these affections than this new combination of SARSAPARILLA WITH IODIDE OF LIME.
No preparation like it, or which approximates to it as an
Alterative, or Blood Purifier,
has ever before been placed within the reach of invalids. Indeed, it is an entirely NEW and SCIENTIFIC combination, in no respect resembling anything hitherto employed.
The opinion of medical men concerning it, the description of its chemical character, therapeutic value, manner of use, etc., are given in a circular, which can be had at the store of any and all first-class Druggists.

(ADDITIONAL LOCAL NEWS ON FIRST PAGE.)

Criminal Court.

Court met yesterday as usual. Judges Mellon and Brown on the bench. In addition to the conclusion of the Temperanceville homicide, the following business was transacted:

James W. Smith was placed on trial on an indictment for the larceny of a saddle, worth $10, the property of W. A. Shaw, of Turtle Creek. On the 21st of June last the defendant sold the saddle to Mr. J. H. Fowler, at the Allegheny Drove Yards. Mr. Shaw subsequently saw the saddle in the possession of Mr. Fowler and identified it as his property, it having been stolen from his stable on the night of June 20th. After this Mr. Fowler saw Smith and charged him with having stolen it. The defendant confessed to the stealing, but said that when he saw the saddle hanging in Mr. Shaw's stable, he thought that Mr. Shaw could better afford to lose it than he (defendant) could afford to let his children starve and go without clothes. He took it, and after going a short distance with it sat down and cried, but at length the thought of his children overcame him again and he went on with the saddle. He was shortly afterward arrested by officer Bowden, of the Allegheny police, and committed for trial. The jury yesterday convicted the defendant without leaving the box. A plea was made to the court by the counsel for the defense for mercy, on the ground that the prisoner had an honest face and a family of five children. Judge Mellon, however, remarked that the prisoner had been going upon his honest face too long already, and it could not be permitted any longer. It was only a little over a year since the court had sentenced this same defendant for stealing a set of harness from Mr. Long, and he was now under conviction for the larceny of set of harness from Mr. Wm. Little, of Collins township. Indeed the prisoner seemed to have a monomania for harness leather and was a dangerous man when he was where saddles or harness were. The Court would therefore sentence the defendant to undergo an imprisonment of one year and six months in the Western Penitentiary in each of the cases mentioned, making an imprisonment of three years.

The next case tried was that of Thomas Hendrick, indicted for the larceny of a horse cover, valued at twenty-four dollars, from James K. Dain, livery stable keeper in the Fifth ward. It will be remembered that on the night of May 26th the stables of Mr. Dain were burned, and various articles belonging to Mr. Dain, among the rest the cover in question, were carried across the street to the hotel of Mr. Morgan. The cover was carried thither by the defendant, but it was in testimony that he took it there merely to get it out of the way and save it. A verdict of not guilty was returned by the jury without leaving the box.

Robert Fowler was next arraigned on a charge of burglary and assault and battery with intent to commit a rape. It was charged that on the night of May 5th the defendant, with some others, forcibly entered her house, near Minersville, and dragged the prosecutrix violently from her bed and carried her out of doors to the bake oven in the yard, with the evident intention of outraging her person, but she succeeded in escaping from him and getting again into the house.

The case was still on trial at the time of adjournment.

New Publications.

MILLY; or The Hidden Cross. By Lucy Ellen Guernsey, author of "The Sign of the Cross," "Christmas Evenings," &c. Loring, 319 Washington street, Boston. Pittsburgh: for sale by Henry Miner.

This is a story of school girl life.

WHITE FRIARS; or the Times and Days of Charles the Second. Philadelphia: T. B. Peterson & Bro. Pittsburgh: For sale by Henry Miner.

This work, which has achieved a great popularity in England, has been compared by English critics with the works of Walter Scott, and even pronounced by some to be the best historical romance since the appearance of "Waverly." The period in which the scene is laid is replete with some of the most remarkable personages and incidents on the pages of English history, affording the richest of material for romance. The author has skilfully introduced into his work all these personages and incidents, thereby succeeding in giving, "as a magic mirror, the very hue and form of the time; the whims, the passions, the crimes, the subtleties, the very personages." The plot and incidents are of the most absorbing and interesting kind. The interest never flags; situation upon situation, adventure upon adventure, crowd one after the other, enchaining the attention and delighting the imagination. The reader finds in every page the stamp of the author's power, and he cannot rise from the perusal of the book without admitting it to be one of the greatest and most powerful of modern romances.

TOO GOOD FOR HIM. By Florence Marryatt, (Mrs. Ross Church. Loring, Boston. Pittsburgh: For sale by H. Miner.

Captain Marryatt's daughter, previously to the appearance of this volume, had made a reputation as a writer of fiction by "Love's Conflict," and "Woman against Woman." In the present she enhances that reputation. Whether genius is hereditary or not, certainly a large measure of the power that was in her father is in her.

GRIFFITH GAUNT; or Jealousy. By Charles Reade. Boston: Ticknor & Fields. Pittsburgh. For sale by H. Miner.

HUNT'S MERCHANTS' MAGAZINE, for October, 1866. New York: Wm. B. Dana.

Supreme Court.

Yesterday morning at nine o'clock the Supreme Court met, with a full bench with the exception of Judge Strong. The following judgments were entered:

BY THOMPSON, J.—Webster et. al. vs. Webster; Erie county. Judgment affirmed, as well as subsequent proceedings.

Gamble, Jacker & Co. vs. Woods; D. C. Affirmed.

BY READ, J.—McGinnis vs. McGinnis; D. C. Affirmed.

Featherston et. al. vs. Hespenhide; D. C. Affirmed.

Barnhill vs. Haigh; C. P. Affirmed.

BY AGNEW, J.—Dunham et. al. vs. Wright et. ux.; Erie Co. Affirmed.

City of Pittsburgh vs. First National Bank; D. C. Ordered for argument at Philadelphia on 25th of January next.

Hughes' Appeal, O. C. Argued by Purviance for appellant, and by Shiras and Woods for appellee.

Mills vs. Bell's heirs; D. C. Argued by Woods and Lazear for plaintiff in error, and Purviance, contra. Adjourned.

Affiliation.

Mary McCoskey appeared before Alderman Lynch yesterday, and instituted proceedings against Hiram Powers for affiliation. The prosecutrix states that she became acquainted with the defendant some six months since while occupying the position of cook in the house of Mrs. Jane Craig, in the Second ward, where Powers boarded. After a few weeks of adroit courting, Hiram stormed the citadel of her affections and confidence, which instead of cherishing, he only desecrated, and then turned his fickle attentions to another young lady in the same family.

Hiram, who seems to be gifted with all the powers of Cupid, was arrested and brought before the magistrate, who forced him to furnish security in the sum of $500 for his appearance at a hearing to be had in the case to-morrow.

A Sinful Wish Fulfilled.

A man named John Eck, living near Pricetown, Berks county, some time ago offered his house for sale, and for some unknown cause it was not sold. He then made the following declaration: "That he wished it would burn down over his head." On Sunday morning last the house was discovered to be on fire, when some of the neighbors rushed up stairs, when, strange to say, they found Mr. Eck dead, he having received a stroke of the palsy a few moments before the fire. Through the superhuman efforts of the neighbors, the body was conveyed to the yard before the house was in ruins. Thus was his impious wish fulfilled.

Beat his Father.

John Cummings was brought before Justice Lipp, of Birmingham, yesterday, charged with having beaten and abused his father, Anthony Cummings, in a cruel and cowardly manner. From the evidence at the hearing it was ascertained that this is not the first time the young ingrate has thus cruelly treated his parent, but it is a matter of almost every day occurrence. The accused gave bail for his appearance at the December term of the Criminal Court. Such inhuman conduct cannot be too severely reprobated, and the person guilty of it should be treated to all the rigors of the law, as well as to the public censure of the people.

Died of his Injuries.—Charles Allinder, the youth who fell over the precipice near Dam No. 1, on Tuesday, the full particulars of which appeared in yesterday's issue, died on Wednesday morning, severe internal injuries being the cause.

Funeral.—The funeral of our late esteemed fellow citizen, John, S. Cosgrave, Esq., takes place from his late residence, 41 Federal street, city, at nine o'clock this morning. Services at St. Paul's Cathedral.

A Success.—The Troy Hill branch of the Pittsburgh and Manchester Passenger Railway proves to be a paying investment, as the travel upon it is very great.

Special Caution.—Mrs. Winslow's Soothing Syrup has become so popular that various parties have put out articles calling them Mrs. Winslow's. Please take notice that the Mrs. Winslow of the Soothing Syrup is not connected with any other article.

EARLY TELEGRAMS.

FROM WASHINGTON.

Naval Prizes—Freedmen's Affairs in Mississippi—Money Order Business—Louisiana Marshal Removed—Gold in the Treasury.

NEW YORK, October 25.—The *Herald's* Washington special says: The prize lists for the following vessels have been forwarded to the Fourth Auditor's office, and the payments will be made to the officers and men of the vessels engaged in the capture in a month or two: Mary Clinton, valued at $16,709 33, captured May 30, 1861, by the United States steamer Powhattan, and the Duro, valued, with cargo, at $140,408 69 captured March 9th, 1863, by the United States steamer Quaker City.

The *Herald's* Washington special says: Major General Thomas J. Wood, Assistant Commissioner of Freedmen's Affairs in Mississippi, has transmitted his report for the month of September, to the Commissioner. He states that in Brookhaven districts numerous complaints are being made by the freedmen that their arms are being taken away from them, and one instance has been reported of an attempt to sell a freedman.

From the District of Columbus reports have been received showing that the town of Columbus is the the rendezvous of the unemployed freed people for a radius of fifty miles. Already much suffering and destitution are apparent among them. The number of these destitute freedmen is estimated at 20,000.

The *Tribune's* Washington special says: Minister Campbell continues ill, and it is not known when he will be able to start for Mexico.

During the last fiscal year $4,000,000 were transmitted from one part of the country to the other, through the money order offices, against $1,300,000 the year before. There is no reason to doubt that the coming year will witness the same growth and appreciation of this safe mode of transmission of small sums.

A *Times'* Washington special says: The removal of Cuthburt Bullitt, United States Marshall for Louisiana, was to-day accomplished. D. H. McKee, of New Orleans, was appointed in his place. The opponents of the former made a serious charge of malfeasance in office, against him, and Mr. Bullitt had no opportunity to meet them. His reply is understood to be on the way hither.

The amount of the gold in the Treasury has reached $95,000,000, including $11,000,000 of certificates. $24,000,000 will be be disbursed on the first of November for the the Five Twenty interest coupons, then due.

The Indian War Commenced.

JULESBURG, COL., Oct. 24.—The Indian war has commenced. Two hundred and fifty head of stock were driven off by the Indians, within a few miles of Mount Sedgwick. One hundred head of mules, owned by Henry Carlile, freighter for the Overland Stage line, and one hundred and fifty head of cattle, belonging to Vevay Wall, of Denver, were also driven off. Several of the night herders were killed by the savages, and a number of others wounded. Trains have been attacked at various points, but in each case the Indians have been repulsed.

As soon as the hostile disposition of the Indians was reported to Captain James P. W. Neill, of the Eighth United States Infantry, commanding at this post, he at once mounted companies K and M of the Second United States Cavalry, who started after the Indians and overtook them, killing five and wounding fifteen of them and capturing all their ponies and wigwams, with the loss of but two of our men. Much credit is due to Lieutenants Barnes and Norwood for their untiring exertions in recapturing more than one-half the stock driven off.

Since the above occurred three hundred Sheben warriors have passed within three miles west of the fort, with very hostile demonstrations towards the whites.

Burning of the Freedmen's School House in Alabama.

LOUISVILLE, October 25.—The *Courier's* special says: The citizens of Stephenson, Alabama, loudly condemn the incendiary act by which the freedmen's school house here was burned on Monday. It was erected by the Pennsylvania Freedmen's Relief Association at a cost of six hundred dollars.

The Daughters of Rebecca gave the Grand Lodge of Kentucky Odd Fellows a splendid banquet last evening.

Volney Shaw, from Columbus, Ohio, was committed yesterday, in default of bail, to answer a charge of forgery.

Destructive Fire.

NEW YORK, October 25.—A fire broke out at No. 268 Hudson street, last night, which extended to adjoining buildings, and destroyed property valued at twenty thousand dollars.

FINANCE AND TRADE.

THURSDAY, October 25, 1866.

The New York stock quotations to-day, as reported by Robinson, McClean & Co., were as follows: Gold, 146⅞; 1881's, 113⅝; 5-20's, old, 114¾; do new, 110⅜; 10-40s, 99⅞; 7-30s, 105¼@106½. Michigan Southern, 92; Cleveland & Pittsburgh, 91¼; Pittsburgh, Fort Wayne & Chicago, 109¼; Erie R. R., 81½; Union Telegraph Company, 52¾; Chicago & Rock Island, 108⅞; Chicago & North Western, 53⅝; do preferred, 79½.

There is but little that is new to be said about our local stock or money market. Money is in good supply, and parties in good standing experience no difficulty in getting all the accommodations they want at the customary rates. This, however, cannot be truthfully said about those who are looked upon with the slightest suspicion, and this is as it should be.

In local stocks there is but comparatively little doing. Bank shares are firm and in demand, but the extreme views of holders has a tendency to retard operations. Generally speaking, oil shares are very dull, though, there are some few exceptions. Marine, we are assured, has recovered from the little shock it received at the stock sale the other evening; 3 having been offered and refused for it to-day. The production of this company is not falling off, as some have been led to believe; and, besides, there are two new wells about ready to test. It is true, however, that the great depreciation in the value of oil is having a depressing effect upon stocks of this character.

—The banking house of the Venango National Bank, in Franklin—a leasehold, with twenty years unexpired, and subject to a ground rent of $38 per annum—was sold by the Sheriff of Venango county, on Monday, the 15th, as the property of Hon. C. V. Culver, for $5,602.

—The gold interest upon the sixes of '81 and the old five and six per cents of '67, '68 '71 and '74, is due in January and July. Amount of sixes of '81, $283,734,800. The interest upon the 198 millions of ten forties is due March and September; of the first series of seven thirties in August and February; second series, June and December; third series, July and January. The first series of notes amounted, before the work of conversion began to 300 millions; the second to 300 millions.

—National bank notes outstanding October 1, $293,032,963. One year ago this circulation amounted to $194,182,630. Increase since June 10, 1865, $154,250,198. It should be remembered, however, that a very large amount of old State bank notes have in the meantime been withdrawn and consigned to the grate. There are in the different States several unorganized banks, which will manage in some way best known to themselves, but not supposed to be known to the assessors, to keep their State bills afloat. The express system may in some cases render aid and comfort in the premises. Packages of redeemed state notes are perhaps stopped while in transfer, and forced out again without reaching home. In this way the ten per cent tax would be cunningly dodged. Of one thing we are certainly sure; there are more of the old bills of some state banks in circulation than there would be or could be if the law taxing such issues ten per cent was not in some way evaded. Legal tenders in circulation Sept. 1, $555,110,732. Legal tenders in circulation Sept. 1, 1865, $684,138,959. Here is a very gratifying decrease. And it should also be remembered that over a hundred and fifty five millions of these legal tenders are three years compound interest notes, and that the same are almost all held by the banks as a portion of their lawful money reserve.

CENTRAL LIVE-STOCK MARKET.

OFFICE OF THE PITTSBURGH GAZETTE,
THURSDAY, October 25, 1866.

CATTLE.

The receipts of cattle this week were unprecedentedly heavy—larger than during any preceding week during the past twelve months, and with but comparatively few buyers, and very unfavorable reports from the East, the market was extremely dull and languid, and prices, as compared with last week, have still further declined. To-day the pens were nearly all full and overflowing, and as eastern buyers were all pretty well supplied, having bought about all the cattle they considered themselves safe in buying, olders, in many cases, were obliged to ship on east, being unable to get anything like what they considered a fair offer. As will be seen by reference to the sales, the highest prices reported range from 7¼ to 7¾ gross, though it is but proper to remark, that no really prime cattle changed hands, notwithstanding there was a very good supply of this particular grade on sale. Prime fat retailing cattle would possibly have brought 8 cts—the same kind of cattle two or three weeks since sold readily at 8¼ to 8¾ and even 9. Stock cattle are in fair demand, and, comparatively speaking, hold their own better than good cattle, but there is no disguising the fact that there are not buyers enough to take all that are offering.

SWINE.

The receipts of Hogs, as well as cattle, have also been very heavy this week, and with a supply largely in excess of the demand, prices compared with last week, have materially declined. Then, fair to prime heavy averages sold at from 10 to 10½ gross, while to-day the same grades ranged from 8¾ to 9 cts, showing a decline of from 1 to 1½ cents per lb. The consequence is that those of our Western friends who have been so unfortunate as to have here this week have lost heavily—to use a drovers term—"have lost hat fulls of money." The general impression seems to be that Hogs are destined to rule low this season as the supply is much heavier than for several years past.

SHEEP.

Like Hogs and Cattle, there was also an over supply of Sheep this week, and with but a limited demand and adverse reports from the east, the market ruled very dull, and prices are lower. We now quote at 4 to 5 cts, for fair to prime fat mutton sheep—against 5½ to 6½ last week.

Chicago Cattle Market.

CHICAGO, October 25—The fresh receipts of Beef Cattle to-day are 1236 head. The market to-day is only a repetition of what it has been for the present week. The unfavorable reports from New York, and the large decline in prices has put quite a "damper" on shippers here, who say they cannot pay the prices asked, and until a reduction is acceded to, very few transactions need be looked for. The principal sales to-day are to city butchers and yard speculators, at a small decline in prices yesterday's quotations.

The sales of Beef cattle to-day are as follows: 11 good flesh steers, weighing 11,820 lbs, at $5,75. 20 cows, steers and scalawags, weighing, 17,710 lbs, at $4,65. 16 cows and steers, off cars, weighing 16,080 lbs, at $5. 19 butchers' cows, off cars, weighing 18,540 lbs, at $5,25. 44 head rough stock, weighing 34,780 lbs, at $4,25. 20 head common stock, weighing 17,950 lbs, at $4,58. 30 fair feeding steers, weighing 33,190 lbs, at $5,44. 21 head fair steers, weighing 20,180 lbs, at $5,62½.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE,
THURSDAY, October 25, 1866.

The movements in produce continue somewhat restricted, and while the demand for the leading commodities is almost entirely local, yet there is a fair volume of business in the aggregate. There is no falling off in the receipts of Grain Flour, and produce generally, and consequently, the supply is fully equal to the demand, and there are no material changes in values.

GRAIN—No. 1 Spring Wheat is held firmly $2,65, with a sale of 1 car. Oats steady with a very fair demand but unchanged—50 on track and wharf, and 53 to 55 from store. Sale of 400 bush Rye at $1,20—an advance; and 1800 bushels prime shelled Corn $1,02. Barley is less active but unchanged.

FLOUR—Is firm and fairly active but not quotably higher—$12 to 12,50 for Spring Wheat; and $13 to 13,50 for Winter Wheat. Sale of 100 bbls choice Spring Wheat on track, at $12,50; 200 bbls "Ford" and "Crossett" in store, at $12,50; and 150 do "Jenkins Eureka" at $13,50. Rye Flour is selling at $7 to $7,25, and Buckwheat is quoted at $4,50 to $5 per cwt.

PROVISIONS—Bacon continues dull but unchanged. We quote at 17 for Shoulders; 18 for Ribbed Sides; and 25c for Sugar Cured Hams. Lard is dull with small sales of prime kettle rendered at 17½ to 18. Mess Pork is held pretty firmly at $34,00.

APPLES—Continue to arrive pretty freely, but the demand keeps up pretty well, and the market is steady at $3 to $3½ per bbl for good to choice.

BUTTER—Is steady with a fair demand and we can report regular sales of prime Roll at 30 to 33.

CHEESE—Is dull but not quotably lower—17 for Western Reserve; 18 for Hamburg; and 20 to 22 for Goshen.

SEEDS—Flaxseed is wanted at $3, and but little offering, while Timothy is dull at same figure. Cloverseed is quoted at $7½ to $8.

SALT—Is reported steady with a demand fully equal to the supply, with sales at $2,80, track, and $2,90 to $3 from store.

CRANBERRIES—Steady, with regular sales at $15 per bbl. for common, and $20 for cultivated.

SWEET POTATOES—May be quoted at $4½ per bbl for common, and $4½ for good to prime Jerseys.

EGGS—Coming in more freely, but the demand seems to keep pace with the supply, and fresh packed still command 30.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE,
THURSDAY, October 25, 1866

CRUDE—There is no new feature in the Crude market worthy of special notice. The demand continues very much restricted, both for present and future delivery, but as there is little or none here offering, prices have undergone no perceptible change—12 to 12½, bbls returned, and 17 to 17½, packages included—sale of 250 bbls, in bulk, at 12½. It is said there are plenty of offers to sell on first rise at 12, and no buyers. At Oil City Crude is quoted at $3,50, although we are reliably informed that there was a sale there to Pittsburgh parties at $3,40. The advices from the East are by no means encouraging.

REFINED—There was again some little inquiry for bonded oil to-day, but prices are no better—in fact, they are hardly sustained, and the tendency is downward. We have a sale of 500 bbls to be delivered within twenty days, at 30¼, free on board cars here; 500 for November delivery in Philadelphia, at 37½; and 500 for December delivery, at same price. From the above it will be seen that quotations may be fairly given at 30½ to 31, free on board cars here, and 37 to 37½ delivered in Philadelphia. There are some very queer freaks in this oil business. We are cognizant of one of our refiners who refused some weeks since to accept 45 and 46, delivered in Philadelphia, who are now offering to sell at 37½.

—Since the above was put in type we have an additional sale of 500 bbls reported at 31 cts, free on board cars—market closed in Philadelphia at 37¾.

ARRIVALS—There was but a single arrival reported to-day—210 bbls for Capt. James Wilkins.

Breadstuffs.

(From the New York Shipping List.)

There are plenty of English orders here for breadstuffs, but prices are so far above those of the leading foreign markets that their execution is simply out of the question. Prices at the sources of supply, under a plethora of the currency, keep up far beyond the general expectation; and this added to the extreme rates of freight to the seaboard, practically debars any accumulation of stocks here. If implicit reliance were to be placed upon many of the reports which reach us from the west, we should not have more than half enough flour and grain of the current crop to meet the wants of home consumption, leaving altogether out of sight a surplus for export. We have not the slightest doubt that the crops were considerably shortened by bad weather during the harvest session, but, in view of all the testimony on the subject, we cannot believe that there are nearly so deficient as the croakers endeavor to make it appear. Many of the published accounts bear unmistakable evidence, too, of having been gotten up for effect, and, unfortunately for trade and the great mass of consumers, they are not wholly without their influence. The price of corn has been run up from 80c, on the first of September, to $1,14 yesterday—an advance of 34c per bush in the face of accumulative evidence that the yield this year will be at least equal to that of any previous season, while some, including the Commissioner of Agriculture, think it will be considerably in excess of any year in the history of the country. It is quite apparent, from a careful survey of all the surrounding circumstances, therefore, that not only must our exports continue on an extremely limited scale, but there is every prospect of an extraordinary high range of prices of breadstuffs, for many months to come. There are several cargoes of wheat now on the way here from San Francisco, and in all probability many others will follow, our market affording better margins than those of Europe for California shippers. A few days ago the young metropolis of the Pacific was accustomed to draw no small portion of her flour hence, and this reverse current is an apt illustration of the probability of human affairs.

RIVER NEWS.

As navigation is virtually suspended at this point, it is not deemed worth while for the present to pay any further attention to the stage of water. The weather yesterday was cloudy and raw with indications equally favorable for either rain or snow.

There has been no arrivals or departures excepting the Forest City. The R. C. Gray and Sherman are reported at Glass House, and it is a little doubtful about their being able to get over until there is a rise. The Rob Roy, which boat was sticking there on Wednesday, succeeded in getting off after putting out the great bulk of her freight in a flat. The Camelia, we presume, is sticking somewhere between here and Wheeling.

The Minnie, for St. Louis, and the America, for New Orleans, are still receiving freight, with the understanding that they are to leave on the first rise.

E. M. Shield, of Cincinnati, has been appointed Supervising Inspector of steamboats for the Seventh U. S. District, in place of the veteran Captain John Devinny. We have heard no cause assigned for the change unless it is that Capt. Devinney did not endorse "My Policy."

The Argosy and Bellevernon left Cincinnati for Pittsburgh on Tuesday, and the Silver Cloud was advertised to follow on Wednesday. The Cincinnati *Gazette*, of Wednesday, says: Capt. Robt. Porter, who arrived from Pittsburgh night before last, was robbed in a sleeping car of his coat, vest and boots, and was obliged to walk to his hotel in his stocking feet, in a very chilly atmosphere. We are glad to record that he has not suffered in health or spirits.

The St. Louis *Dispatch*, of Tuesday, says: The storm which passed over this city Sunday, it appears, was equally violent on the river below, and came very near proving disastrous to steamboats.

From Captain Burdsal, of the steamer Deer Lodge, we learn that the storm struck them on Sunday afternoon about 5 o'clock, at Vancel's. It came directly down the river. He then gave orders to run her under the rocks, on the Missouri shore, and thus saved her from being swamped. The Stephen Decatur came very near swamping at Liberty. The Princess ran into the shore at Liberty. The Agnes was hard aground at Hat Island. The David Watt below Kennett's, with both chimneys gone. She was sounding backward and forward with apparently no one on board who knew how to manage her, but finally she was run into the shore.

MARKETS BY TELEGRAPH.

New York Financial Matters.

Government stocks quiet and without decided change. Freights to Liverpool quiet. Stocks dull. Rock Island, 108⅞; Toledo & Wabash, 52; Pittsburgh, Fort Wayne & Chicago, 109⅞; Milwaukee & St. Paul, 62¾; do. preferred, 76; Hannibal & St. Joseph, 47; Indianapolis & Cincinnati, 82¼; Northwestern, 55¾; do. preferred, 79⅞; Erie, 81⅞; Michigan Southern, 91¾; Reading, 115⅞; Illinois Central, 125½; Cleveland & Pittsburgh, 91⅝; New York Central, 118⅞; Western Union Telegraph, 51⅞; Ohio and Mississippi Certificates, 33⅝; Pittsburgh, Fort Wayne & Chicago, 1st, 101.

NEW YORK, Oct. 25. The *Post's* money article says:—Although, however, there appears to be little or nothing in the present position or probable movements of the Treasury to cause apprehension, or produce a panic in the money, it cannot be denied, that there are numerous forces at work in other directions, which if not checked in time, may not improbably drive our financial Banks among perilous breakers of monetary stringency. A large multitude therefore of our business men, who have laden themselves with engagements not commensurate with their assured means, should be wise in time; over speculation is parent of revulsion, and a panic that is provided against, never comes.

The *Commercial's* money article says: The money market is without change. The banks have abundant means for meeting the current active demand, but are getting 5 per cent. upon a larger proportion of their call loans, 4 per cent. being the rate for only A 1 borrowers. Discounts are active; for prime paper running over two or three months 5@6 per cent. is generally the rate. Discounters are opposed to long date paper, and six months paper passes at material disadvantage. The Gold market shows considerable firmness under efforts of banks to run up the price to near 150. A heavy short interest has been enlisted, and the borrowing demand is consequently more active, ⅛ to 3-16 per cent. per day being paid on borrowed coin. Foreign Exchange shows a slight reaction. The increased exports and the shipments of Five-Twenties last week have materially added to the supply of bills. The stock market continues somewhat unsettled, owing chiefly to a feeling of uncertainty as to the future course of the money market. North Western is week for the moment, and declined ½ at the regular Board; Michigan Southern is the firmest on the list, and sold at 69¾. Governments steady, at about yesterday's prices; Five-Twenties of 1865 rose ¼.

New York Dry Goods Market.

NEW YORK, Oct. 25.—The trade in Dry Goods opened this morning with perhaps a little more animation, but with no other improvements in the general tone. Continued dullness in the market for raw material and the absence of a demand, has a depressing effect, and in some instances goods are offered a little lower by jobbers. The present trade is confined to picking few pieces of various goods to fill assortments in home trade. Some goods are being transferred to Philadelphia for a better market. A few goods are going South, but on the whole the market is quieter than at any time since the summer trade. Jobbers' Prices—Brown Sheetings—Indian Head, 23; Laconia B, 22; Shetucket, 15. Bleached Sheeting—Tuscarora, 30; Red Bank, 25; Portsmouth B, 11. Prints—Merrimack, 23; Richmond, 19; Amoskeag, 19½; Empire, 13; Brown Drills, 23; Winthrop, 28. Corset Jeans—Bates, 15; Naumkeag, 21.
